

Machinery manufacturing base (Higher categories of family planning materials manufacturing) manufacturing categories platform class series

Filesize: 2.63 MB

Reviews

This publication is definitely not simple to begin on studying but really exciting to read. It is actually rally fascinating through reading time. Your life span will be enhance when you complete looking at this publication.
(Laurence Littell)

MACHINERY MANUFACTURING BASE (HIGHER CATEGORIES OF FAMILY PLANNING MATERIALS MANUFACTURING) MANUFACTURING CATEGORIES PLATFORM CLASS SERIES

paperback. Condition: New. Ship out in 2 business day, And Fast shipping, Free Tracking number will be provided after the shipment. Pages Number: 199 Publisher: Science Pub. Date :2010-09-01 first edition this book under the Ministry of Education. Vocational skills-based training program. prepared at the request of teaching. This book describes the pressure thermal processing and metal processing. metal machining equipment. a variety of processing methods and technology. fitter machining. precision machining. CNC machining and special processing. Book is refined. focusing on a chart to express the relevant content; writing attention to the basic theory simplify the narrative. focusing on the actual production links. enhancing the use of the content description; according to the trend of modern manufacturing technology to update the course content. as far as possible reflect the technical development of the new results. especially in the first 12 units of CNC machining and special processing unit 13. has focused on advanced manufacturing technology. new equipment. new technology. This book can be used as vocational mechanical. electrical and mechanical specialty (mechanical and electrical integration. numerical control technology. mold design and manufacturing. etc.) or near machine specialty materials. as well as adult education colleges. universities and other relevant professional staff teaching the students the book also available to the professional and technical officers. Contents: Unit 1. basic knowledge of machinery safe operation of the machine 1.1 Exercises 1.2 1.2.1 The basics of cutting machinery and classification 1.2.2 real 1.2.3 cutting cutting movement of formation of three surface cutting exercises 1.2.4 1.3 commonly used measuring tools. measuring instruments and their use measuring tools to use 1.3.1 General 1.3.2 instruction sheet and the diameter of the instructions used in Table 1.3.3 Other 1.3.4 Common measuring tools measuring tools. measuring instruments 1.3.5 Note the use of measuring tools. measuring instruments maintenance exercises 2.1...
